WHEN YOU THINK ABOUT WINE

# 100 TOP VALUES OF THE YEAR ALL \$15 OR LESS

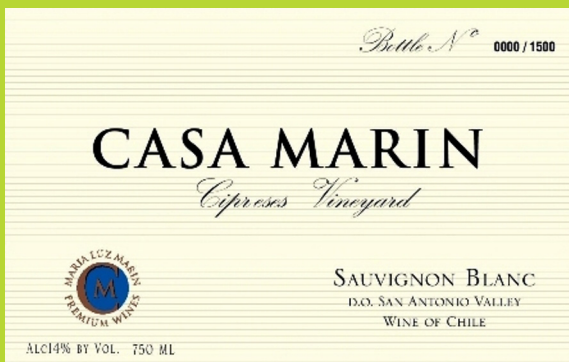

## White Wine of the Month: *June*

By Patricio Tapia

### Casa Marin 2009 Sauvignon Blanc Cipreses

# 93

Cipreses sauvignon typically emphasizes minerality over fruitiness, and this '09 holds to that style. It seems to have been built on what the vine roots found as they made their way through the granitic soils in Lo Abarca. Youthfully austere, its herb and citrus aromas adorn the penetrating minerality. Give this two or three years to mellow and gain complexity.
